Députée de Pierrefonds—Dollard

Ottawa, October 1st 2012

Sir, Madam,

On this International and National Seniors Day, it is a real pleasure for me to wish you a beautiful day. I would also like to take this opportunity to tell you my appreciation for the work done by your organization; whether advocating or organizing activities for seniors, CARP is definitely a must to promote quality of life for seniors in Quebec.

I also want to acknowledge, on this day of celebration, the pivotal importance of seniors in our communities. Be assured that the New Democratic Party is well aware of the importance of helping seniors cope with the ever growing cost of living and will continue to strive to ensure that all Canadians can live out their retirement in dignity and security. My caucus colleagues and myself will continue to consult and listen to the organizations and volunteers who work so diligently to ensure the best quality of life for our seniors as well as an active, safe and productive retirement.

I am pleased to be able to collaborate with CARP on various issues and anticipate more of this constructive and fruitful collaboration. Again, please accept my most sincere wishes in this National Seniors Day. May the coming year be filled with joy, sharing and enriching activities.

Sincerely,
