Transfer of Funds - Holocaust Claims

My name is Mr. Larry Dubali consultant to Independent Committee of Eminent Persons, Switzerland. ICEP is charged with the responsibility of finding bank accounts in Switzerland belonging to non-Swiss indigenes who were Holocaust Victims. In January 2005, the CRT published additional names of dormant account belonging to Victims of Holocaust Persecution. These accounts had been dormant since the end of World War II (May 9, 1945).

A dormant account of [REDACTED] with a credit balance of \$(75,000,000.00 (Seventy-Five million US dollars) plus accumulated interest was discovered by me. The beneficiary was murdered during the holocaust era, leaving no WILL and no possible records for trace of heirs. The Claims Resolution Tribunal has been mandated to report all unclaimed funds for permanent closure and transfer of existing credit balance into the treasury of Switzerland government as provided by the law for management of assets of deceased beneficiaries who died interstate (living no wills). I have all secret details and necessary contacts for claim of the funds without any hitch and I require your help as a foreigner to claim this fund because you share the same last name with [REDACTED]

The Holocaust Claims Processing Office has put funds in Escrow awaiting submission of valid claims for necessary disbursement. All that is required is for you to provide me with your personal and contact details for processing of the necessary legal and administrative claim documents for transfer of the funds in your name and I will ensure that the fund is transferred to a secure numbered account in your name, of which you will be capable of accessing the funds and gradually transferring it to your country and other banks of choice in the world via online banking. My share will be 60 percent and your share is 40 percent of the total amount. I find myself privileged to have this information and this may be a great opportunity for a life time of success without risks. Please get in touch with me by my telephone number email or fax below and also remember to send me your telephone and fax numbers to enable us discuss further about this transaction.
