Launch of the Physical Activity Toolkit for Alzheimer's Disease

Together, we have created a valuable resource to help promote physical activity for older adults with, or at risk for, Alzheimer's disease.

Join us as we celebrate the launch of this resource, the partners who have contributed to its development and various groups across Ontario promoting physical activity.

The morning will feature remarks from Dr. Donald Stuss, President and Scientific Director of the OBI; Dr. Kathleen Martin-Ginis, Director of the Physical Activity Centre of Excellence at McMaster University; and Ms. Mary Burnett, CEO of the Alzheimer Society of Brant, Haldimand Norfolk and Hamilton Halton.

Remarks will be followed by a facility tour and an opportunity to meet exercise program participants.

Date

Tuesday June 17, 2014

Time

9:15AM - 11:00AM

Location

Ivor Wynne Centre East, Main Foyer
McMaster University
1280 Main Street West
Hamilton, Ontario
